Job Description:

We only hire the best, because we are the best. Security Force, with our Customer First philosophy, seeks to acquire and retain customers by offering them Best in Class Products and Service. Our technicians are the front line. As a technician of Security Force, you will be expected to maintain a professional appearance accompanied by professional conduct while representing the company. You will be expected to provide clean, tidy, and professional installs in a variety of work environments including new construction sites, office buildings, stores, schools, and hospitals among other locations. Overnight travel is rare (less than 5%), but may sometimes be necessary. All technicians with a take home vehicle participate in a rotating on-call schedule. Work is generally completed in an 8 hour day that will occur between 7:00AM and 5:00PM (Monday through Friday) based on assignment, customer availability, and location.

Your job responsibilities will include the installation, service, and maintenance of new and existing security systems that often integrate with other equipment including fire alarms, automatic door openers, gates, timekeeping systems, and customer networks and computers. You will use time management, clear communication, and strong interpersonal skills to navigate your day to day activities and complete work in a timely manner without sacrificing quality or customer satisfaction. You will often be required to sit, stand, crawl, or climb for extended periods of time.

Some of the equipment you may be installing or servicing includes:

- Access Control Servers
- Access Control Board
- Power Supplies
- Batteries
- Card, PIN, and Biometric Readers
- Request to Exit Sensors
- Door Position Switches
- Turnstiles / Portals
- DVR/NVR
- IP Cameras
- Server Racks
- Network Switches
- Monitors
- Remote Viewing Systems
- Wireless Locks
- Talk Down Systems
- Shot Detection
- IP and Analog Intercoms
- Intrusion Alarm Panels
- Keypads
- Motion Detectors
- Glass Break Sensors
- Duress Buttons
- Cellular or Wifi Radios
- Low Voltage Cable
- PERS

Pay commensurate with experience, attitude, and aptitude.
